Please join the Garland Road Vision Advisory Committee and its partners, the City of Dallas and the North Central Texas Council of Governments (NCTCOG), at a public meeting to discuss draft concepts that have been developed to improve and enhance the Garland Road area. The Garland Road Vision Study team recently received many ideas about what could make Garland Road and the surrounding areas more attractive. Those ideas have been used to focus on activities that will beautify the area's existing architecture and landscaping, stimulate economic development, and improve traffic conditions.
